

# 10 EVO Natural Fibre Absorbents with 60×60 drip tray

Product Code: PAD18187

Pack contents:

10 - 40 x 50cm Triple Loft Absorbent Pads

1 - 60 x 60 x 7cm Drip Tray -

Cip Bag

Pack sorbency: approx 23Litres

Sorbencies: As the pad is able to absorb many types of liquid but shows a preference for oils, absorbencies are typically per pad (depending on viscosity):

Water: 1/2 Litre

Spirits and thinners: 1/2 Litre

Multigrade engine oil: 1.4 Litres

EVO natural fibre oil preferential absorbent pads offer the superior

absorbency of natural fibres in easy to use sizes. They are cost effective as they can absorb up to 70% more oil per pad than equivalent weight polypropylene pads, yet are competitively priced and will have the lowest Carbon Footprint of any similar product in Europe.

EVO Oil Preferential Pads are manufactured from 90% recycled fibres and are designed for use on all hard surfaces and on water to absorb oil and fuel spills. They can also be used for cleaning up spills of animal, vegetable, mineral and synthetic oils, and oil-based paints. These pads have been designed for use in the industrial, commercial, automotive markets, and marine and manufacturing industries.

If using the pads to absorb dispersed oil they should not be exposed to water for extended periods. These pads are not suitable for use with strong acids and alkalis.
